

## TOURISM ASSOCIATION

As the fourth-largest industry in our state, tourism is a consistent, multi-billion dollar producer for Mississippi. Tourism also develops communities that aren't just attractive to visitors, but also to residents and potential residents. A nice place to visit is a nice place to live and work. It all starts with a visit.

The tourism industry in Mississippi is stronger than ever, and the demand for travel to our state continues to be robust. Statistics indicate that, on average, approximately \$31.6 million was spent every day of 2023 by Mississippi visitors.

With 2.9 million residents in the state and 43.7 million visitors annually, which equates to roughly 15 visitors to every one Mississippian.

If all 133,880 tourism-supported employees were in one place, it would be enough to fill the University of Mississippi's football stadium two times.

The \$1.1 billion in state and local tax revenue generated would be enough to pay the salaries of nearly 25,000 police officers, which is three times more than the current police force in Mississippi
